Complaint is made by a good many persons around the Court House that the water at the town pump is unnecessarily used and wasted. Water is carried and the well hoses watered, wagon tires soaked and still the well never gives out. If a waste water pipe were connected with the pump and a trough put a short distance down Broadway towards James-town, a large part of the water necessary for watering horses would be caught and saved that is now allowed to go to waste.

Hon. Irvine Dungan received an invitation to deliver a 4th of July oration at a point in this county, that would be "suitable to the occasion." Accompanying the invitation was a request to name the price he would charge, and that if he could not accept himself, that the name of some other gentleman be furnished.

Mr. Dungan and all the other orators around town were at home on the 4th, so we take it the Col. could not agree with the committee on the price, and that he could not think of any one else to suggest.

A very pleasant wedding took place in Jackson on Wednesday morning last, the high contracting parties being Mr. W. D. Leonard and Miss Ella Reynolds, both of Addison, Ohio. Miss Reynolds, now Mrs. Leonard, is a sister of Mrs. C. A. Smith, wife of the popular merchant at the corner of Pearl and Broadway.

Being in Jackson for the purpose of celebrating the National Holiday, they determined to further celebrate by making it their wedding day. The Rev. J. E. Rudisill, of the M. E. Church, was called upon to lend his aid in the consummation of their wishes, and the combinal knot was tied by the Reverend gentleman in his well known artistic manner. Mr. and Mrs. J. C. Cahoon, Mrs. Geo. Burdell and Mr. J. B. Neff, in addition to the family of Mr. Smith, were present at the ceremony, after which a little party of those present drove to Oak Hill and spent the day. Mr. and Mrs. Leonard returned to Addison on Friday.

Death of Nottingham Clear.

Nottingham Clear died on Saturday morning at 10 o'clock. To a majority of the citizens of Jackson the announcement of his death was the first intimation they had of Mr. Clear's illness, his sickness having been of very short duration. Early in the week Mr. Clear had been working about a building and got very warm, and a party calling to see him, they both walked into an open cellar and sat down to talk. They remained there but a short time, but the sudden cooling off checking the perspiration so suddenly, brought on an illness which was further aggravated by a constitutional trouble incident to the season, and which so suddenly terminated his life.

Mr. Clear was born in Jackson County, and had lived here all his life, nearly 50 years. As a citizen his life was above reproach, and the large attendance at the funeral exercises at the M. E. Church on Monday, attested the universal esteem in which he was held by the community. Rev. J. E. Rudisill delivered the funeral discourse. The Jackson branch of the Carpenters' and Joiners' Union, of which Mr. Clear was a member, attended in a body.

One day last week two fellows from Scioto Furnace were walking up Main Street past the Robbins and French residences. Herb Robbins had just finished mowing the grass that could be cut with a lawn mower, and was cutting the grass around some trees with a big pair of scissors. One of the two spied him and said to the other, "Say, Jim, do you see that fellow cuttin' grass with them big shears?" Jim saw him, and they both stopped a moment and watched the work go on, and then Jim said to the first, "Well, it looks pretty, but it's a dern'd big job to cut that whole yard that way." They went on without knowing any better.

The best medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will, by its own action, reach all the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh during the past few years obliges us to admit that only one remedy has completely met these conditions, and that is Ely's Cream Balm. This safe and pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms quickly yield to it. 12jul2t
